

SHARS – Informal Review Information Session

In recent years, the Health and Human Services Commission (HHSC) has seen an increase in informal review requests submitted to dispute/challenge School Health and Related Services (SHARS) Cost Report adjustments and/or proposed settlements. The Texas Administrative Code has specific requirements for informal review requests that the HHSC Rate Analysis Department (HHSC-RAD) intends to strictly enforce going forward. Requests submitted that are not in compliance with these requirements will be denied. In preparation for the upcoming reconciliation/settlement season HHSC-RAD will be hosting an informal review information session. During the session staff will discuss the settlement/reconciliation process in detail and will explain how to properly submit an informal review request. The goal of the session is to help districts prepare and submit informal review requests correctly in a timely manner.

The session will be conducted as a webinar and will be provided at no charge to attendees. Registration is required, however no training credits will be awarded for attending the session, nor is attendance required to submit an informal review request. Schedule details as well as the registration link for the session are listed below and can also be found at <https://rad.hhs.texas.gov/acute-care/school-health-and-related-services/shars-training>.
